

Product Name :
Impact Soil Tester

Product Code :
ASTSOIL-0045

Description :

Impact Soil Tester

Technical Specification :

Impact soil tester: soil testing lab equipment, Used to obtain an indication of the degree of compaction of soil in road construction. Results can be directly correlated to the CBR test. The unique microprocessor system automatically checks all readings throughout the test and displays the fourth reading as the Impact Value. An essential trench control tool for all cable and pipe laying service contractors
