

Product Name :
Astra Scientific Benkelman Beam

Product Code :
ASTBATE-0014

Description :

Astra Scientific Benkelman Beam

Technical Specification :

Specification: Lightweight Aluminium construction

- Ease of Transportation
- Unique Telescopic Design Simplifying Field set up
- Compact, Thereby reducing the amount of storage space needed

Benkelman Beam utilizes the technique of using balanced beam in conjunction with a suitable vehicle to measure road flexure. The improved Benkelman Beam is a convenient, accurate device for measuring the deflection of flexible pavements under moving wheel loads. Operating on a simple lever arm principle, the unit consists. Supplied with carrying case
