

Product Name :
Astra Urine Drug Test Kit

Product Code :
ASTRALAB-SUPPLYA3003

Description :

Astra Urine Drug Test Kit

Technical Specification :

Rapid single-drug/multi-drug test Dipcard/Cup is a rapid screening test for the qualitative detection of single-drug/multi-drug and drug metabolites in human urine at specified cut-off levels. Usually used in hospital clinical monitoring or laboratory analysis and testing.

The rapid single/multi-drug test strip is an immunochromatographic analysis method used to qualitatively

determine the presence of the drugs listed in the following table.
