

Product Name :
Astra Multi Drug Test

Product Code :
ASTRALAB-SUPPLYA3004

Description :

Astra Multi Drug Test

Technical Specification :

Rapid single-drug/multi-drug test Dipcard/Cup is a rapid screening test for the qualitative detection of single-drug/multi-drug and drug metabolites at specific/cut-off concentrations in human urine.

The rapid single/multi-drug test strip is an immunochromatographic analysis method used to qualitatively determine the presence of the drugs listed in the following table.
