

Product Name :
Universal Vibration Apparatus Laboratory

Product Code :
ASTRALAB-SUPPLYA62001

Description :

Universal Vibration Apparatus Laboratory

Technical Specification :

Motor Exciter

Dynamic Friction In Cylindrical Pin Roller

Free Vibrations In A Bending Beam

Vibration Trainer

Frictional Vibrations

Data Acquisition System

Torsional Vibration Apparatus

Vibration Absorber Apparatus

Coil Spring Vibrations

Tachometer Apparatus

Simple Pendulum Apparatus

Reversible Pendulum Apparatus

Vibrations Frame

Mass Spring System

Beam Bending Vibration Module

Natural Vibration On A Ship
