

**Product Name :**  
Corioli's Component of Acceleration Apparatus

**Product Code :**  
ASAEDF45

**Description :**

Corioli's Component of Acceleration Apparatus - Main Tank  
Fabricated out of Stainless Steel

- Rotating Arms  
9mm/6mm orifice diameter, Length 300 mm.
- Rotameter : 250 to 2500 LPH
- Electric Motor: Swinging field type, Variable speed.
- Pump :FHP
- Control Panel Comprises of RPM measurement  
RPM Indicator with Proximity sensor.  
Speed Control Unit, Standard make On/Off Switch, Mains Indicator
