

Product Name : Astra Scientific Benkelman Beam	Product Code : ASTBATE-0014
--	---------------------------------------

Description :
Astra Scientific Benkelman Beam
Technical Specification :
Specification: Lightweight Aluminium construction
<ul style="list-style-type: none">• Ease of Transportation• Unique Telescopic Design Simplifying Field set up• Compact, Thereby reducing the amount of storage space needed
Benkelman Beam utilizes the technique of using balanced beam in conjunction with a suitable vehicle to measure road flexure The improved Benkelman Beam is a convenient, accurate device for measuring the deflection of flexible pavements under moving wheel loads. Operating on a simple lever arm principle, the unit consists. Supplied with carrying case
