**Product Name:** 

Astra Scientific Radius Bending Machine

**Product Code:** ASTSTEEL-0012

## **Description:**

Astra Scientific Radius Bending Machine

## **Technical Specification:**

## Descriptions:

Heavy-duty Radius Bar Bending Machine will radius up to 36mm rebar. RB 36 comes with a standard 2-speed drive motor, adhering to most safety requirements it is an efficient and quicker bender used for making circular rings.

Radius Bender is designed to bend radius rebar without the need to pre-bend the end of the bar. Keeping the operator's hands away from the forming rolls allows safe operation. The Radius Bender has been designed with a guard for making rings in a safe operation. After forming the ring, the finished shape is lifted out of the machine while the guard hinges and returns to the closed position. The drive rollers do not rotate while the guard is open.
