

Product Name :
Astra Scientific CNC Laser Cutting Machine

Product Code :
CADLab0013

Description :

Astra Scientific CNC Laser Cutting Machine

Technical Specification :

A CNC Laser Cutter allows for extremely precise cutting and engraving of many materials such as wood, foam, concrete, different metals and many others. It contains a sharp and pointed router to produce clean and exact cutting of the material. This sharp cutter can even cut most organic materials and depending on the power metals as well.

This machine is easy in use and to handle. But a lot of concentration is required to control this machine. It is a safe mode of working especially in industries.

FEATURES:

- Equipment Brief introduction
- High-quality parts selected from worldwide
- High flexibility of machine configuration
- High-performance software function

SPECIFICATION:

- Cloth, leather, wool, Plexiglas, wood. Plastic, rubber, crystal, ceramic tile, jade, Bamboo

Rotary attachment

- Red dot pointer
- Motorized up and down table
- Autofocus system
- Higher laser power: 100 watts-150 watts
- Cutting ability: 28mm acrylic, 10mm MDF, 15mm plywood in a high speed
