

**Product Name :**  
Astra Scientific Smoke Point Apparatus

**Product Code :**  
FuelTesting0009

**Description :**

Astra Scientific Smoke Point Apparatus

**Technical Specification :**

Standard: ASTM D1322 IP 57

The Seta Smoke Point Apparatus determines the smoke point of kerosine and aviation turbine fuel by measuring the maximum flame height prior to smoke formation and comparing the results with those of known standards.

The smoke point gives an indication of aromatic content and radiant heat transfer characteristics and has good correlation with IP 598.

Comprises a tripod stand, lamp body, and chimney. The measuring scale is viewed through a curved glass window on the front of the instrument. A mirror (10450-0) can be attached to the chimney to aid smoke detection.

Supplied with: candle assembly and wick.

**SPECIFICATIONS:**

Size (HxWxD): 47 x 21 x 19cm

Weight: 2.6kg
