

**Product Name :**  
Astra Scientific Telephone DTMF Trainer

**Product Code :**  
Telecommunications0001

**Description :**

Astra Scientific Telephone DTMF Trainer

**Technical Specification :**

**Technical Specifications:**

- ON/OFF Hook Switch, Dialer, Ringer, Speech processing section
- DTMF (Tone) and pulse dialing
- Special Test points provided to observe isolated dual frequency output during DTMF dialing
- Built-in power supply
- Necessary test points & LEDs provided to observe various signals
- Facility to fault creation for each block/each circuit
- Mimic diagram provided in the panel for easy understanding of various blocks
- Detailed Documentation

## Technical Details:

Standalone operation

Handset connection port (RJ45) \* 4 x 4 Matrix Keyboard

DTMF and pulse dialing, ON/OFF hook switch

Ringer volume control

Indication for Line ON/Pulse Dialing indication Tone, Dialing indication

4 Nos. of Switch Faults
