

Product Name :
Ointment Slab

Product Code :
PHARMACEUTICAL SUK-
AS03LAB035A

Description :

Ointment Slab

Technical Specification :

The heavy weight glass square provides a hard nonporous surface for incorporating compounds into ointment bases. The roughened bottom minimizes movement. The glass is a 100% non-absorbable surface for mixing. The Glass Ointment Slab is a clean smooth preparation area which eliminates cross contamination. Smooth beveled edges resist chipping and make handling easier.
