Product Name :Ointment Slab

Product Code:
PHARMACEUTICAL SUK-AS03LAB035A

Description:

Ointment Slab

Technical Specification:

The heavy weight glass square provides a hard nonporous surface for incorporating compounds into ointment bases. The roughened bottom minimizes movement. The glass is a 100% non-absorbable surface for mixing. The Glass Ointment Slab is a clean smooth preparation area which eliminates cross contamination. Smooth beveled edges resist chipping and make handling easier.
