

Product Name :
Screw Clips

Product Code :
PHARMACEUTICAL SUK-
AS03LAB073A

Description :

Screw Clips

Technical Specification :

They also work great for your custom projects such as installing motorcycle fairings, trim pieces, car panels or just about anything else you need to fasten using clips. These fairing clips are the perfect solution if you have lost or need to replace your original mounting clip.

Specifications :-

Clip dimensions: about 21.5x15.5mm (LxW).

Distance from clip edge to centre of 8mm hole: 15mm.

Material: High quality zinc plated steel.

This is a replacement m8 spire/speed clip kit, as used to secure panels, bodywork and just about any two panels together.
