

Product Name :
Knee Hammer

Product Code :
PHARMACEUTICAL SUK-
AS03LAB114A

Description :

Knee Hammer

Technical Specification :

The handle is also designed with a pointed tip and brush for eliciting cutaneous and plantar reflexes. The precisely balanced handle offers increased control of percussion force. The weighted chrome-plated handle is precisely balanced for increased control of force in the percussion. The encircling band of handle with pin firmly secures the triangular head midway between the apex and base.
