

Product Name :
Refrigerated Centrifuge, High Speed (Brushless Motors, Microprocessor based), 20000 rpm

Product Code :
ANALYTICAL SUK-AS03LAB058

Description :

Refrigerated Centrifuge, High Speed (Brushless Motors, Microprocessor based), 20000 rpm

Technical Specification :

Special Features

Table top compact.

Brushless self balancing motor without carbons.

Ultra high speed.

Variety of rotors for different applications.

Elegant design.

S.S bowl.
