

**Product Name :**  
Softening Point Apparatus

**Product Code :**  
FUEL SUK-AS03LAB011

**Description :**

Softening Point Apparatus

**Technical Specification :**

Softening Point Apparatus: Plastic materials being heat sensitive in nature has a lot of bearing on its thermal environment for its performance. Though their behavior in thermal conditions is very complex, some simple yield tests are used to predict it's behavior and performance in given conditions
