

Product Name : Manual Crockmeter	Product Code : TESTING SUK-AS03LAB002
-------------------------------------	--

Description :

Manual Crockmeter

Technical Specification :

Manual Crockmeter
<p>Crock (Ward Operated) provides a reciprocating rubbing motion simulating the action of a human finger and thumb. It is used for determination of loss of gloss and printed matter in dry and wet rubbing. Crock (Ward Operated) is so designed that the 10 mm diameter finger moves back and forth, with each complete turn of the crank, in a straight line along a 100 mm x 50 mm on the specification, with a downward force of 5N.</p>
