

Product Name :
Hydraulic Training System

Product Code :
ASTRALAB-SUPPLYA21035

Description :

Hydraulic Training System

Technical Specification :

The is launched to offer enriched knowledge from basic oil pressure components, advanced oil-pressure loop design to PLC-based electrical control system. The trainee can prepare themselves to be a high-level automation engineer with the help of the trainer system. However, it is widely adopted by electronic, semiconductor, LCD and mechanical factories. In factory automation, oil pressuring” plays a very essential and critical role.
