

Product Name :
Ecology Environment Plant and Machines Laboratory

Product Code :
ASTRALAB-SUPPLYA33001

Description :

Ecology Environment Plant and Machines Laboratory

Technical Specification :

Bench Top Anaerobic Digester

Activated Sludge Sewage Treatment Pilot Plant

Water Conditioning Plant

Water Still Plant

Computerized Educational Equipment On The Thermal Solar Refrigeration Cycle

Bench Top Aerobic Digester

Pilot Plant For The Production Of Biogas From Biomass

Study Unit For Bio alcohol Production
