

Product Name :
Gas Turbine and Compressors Machines Laboratory

Product Code :
ASTRALAB-SUPPLYA72001

Description :

Gas Turbine and Compressors Machines Laboratory

Technical Specification :

Six Component Balance
Blowby Meters
Oxygen Analyser
Impulse Swirl Meter with Port Flow Rig and Display
Balancing Apparatus
Hydra Research Test Systems
Field Balancing Apparatus
Spectro Analyser
Rare Gas Purifier
Turbojet Trainer With Reheat
Three Component Rudder Balance And Steering Actuator
Turbojet Engine Test Stand
Impulse Swirl Meter
Multi Component Balance
Turbojet Trainer
Energy Balance Apparatus
