

Product Name :
Medical Training Lab Equipment Laboratory

Product Code :
ASTRALAB-SUPPLYA81001

Description :

Medical Training Lab Equipment Laboratory

Technical Specification :

Gaseous Diffusion Coefficient Apparatus

Solid Liquid Extraction Unit

Distillation Columns Unit

Solid Handling Study Bench

Filtration Unit

Three Phase Horizontal Separator Apparatus

Laboratory Steam Generator

Liquid Liquid Extraction Unit

Liquid Diffusion Coefficients Apparatus

Wetted Wall Gas Absorption Column

Crystallisation Unit

Catalytic Reactors Unit

Fixed Bed Adsorption Unit

Computer Controlled Chemical Reactor Teaching Equipment

Fluid Mixing Studies Apparatus

Stirred Tank Reactors In Series

Fixed And Fluidised Bed Apparatus

Modular Evaporator Family Unit

Gas Absorption Column Apparatus

Corrosion Studies Kit

Computer Controlled Tray Dryer
