

Product Name :
Geo Technical Engineering Laboratory Equipment Laboratory

Product Code :
ASTRALAB-SUPPLYA95001

Description :

Geo Technical Engineering Laboratory Equipment Laboratory

Technical Specification :

CBR Test Apparatus Motorized
Large Capacity Sample Splitter
Test For Determination Of Solubility, ASTM
Impact of Jet Vanes Apparatus
Seepage Apparatus
Thin Film Oven
Consolidation Apparatus
Absolute Kinematic Viscosity Bath
Digital Triaxial Shear Test Apparatus
Marshall Stability Testing Machine
Study of Pressure Measurement
Apparatus For Distillation Of Cup Back Asphalt
Ductility Testing Apparatus
Perforated Plate With Adjustable Stem (Swell Plate)
Pressure Ageing Vessel
